The same request had been made some time back and it was not complied with. The petitioner's representation on the previous occasion was, however, considered as the offer of ~~an~~ a lan endowment under the Charitable Endowment Rules. What he then proposed and now repeats is that the lands referred to by him which are now personal Inam, might be converted into Devadaya Inam for the benfit of the Ramakrishna Mutt at Bangalore. His object is apparently to make the Inam inalienable and ensure that its benefit goes to the Institution. The Survey Superintendent sees no objection to the proposed conversion and I think the petitioner's request might be granted. There is, however, one important point to be considered I refer to the result of the change of the tenure of the land and the transfer of the land to the Institution. If the Ramakrishna Mutt accepts a Devadaya grant, it becomes a Muzrai Institution and it will have to be brought under the Mysore Religious and Charitable Institutions Regulation. Vide Section 2 (2) (i). Whether the Institution is agreeable to this arrangement, is not clear. This point may be brought to the notice of the petitioner and his views ascertained.
